

Business Process Outsourcing

As organizations around the world strive to improve the quality of their processes while managing their bottom lines, Business Process Outsourcing has become the new imperative. **KuroSoft**, with a fully equipped and functional service center in New Delhi, provides the full spectrum of BPO services to its clients. We club more than 20 years of vast IT solutions experience and expertise from diverse domains to serve customers worldwide.

Availability of robust communication infrastructure, a large English-speaking workforce, low labor costs, appropriate timezone difference with the West are compelling reasons for choosing **KuroSoft** (India) as the BPO destination.
