### **Cut your data communication costs to zero**

*Get Daily close-of-day data from*

- ↔ Branches
- ↔ Sales depots
- ↔ Retail outlets
- ↔ Consignee agents
- ↔ Factory units
- ↔ Warehouses/godowns
- ↔ And other remote sites

Remote Business Intelligence (RBI) from **KuroSoft** provides automated asynchronous (offline) replication of data from remote databases to your central database server. This innovative solution obviates the need for expensive dedicated communication links (Leased-lines, VPN, VSAT, etc) in your network.
